***Urgency! need help for Childlife Baannana.***

*Special Volume of April 1/2010*

**Storm rains Destroys Childlife Maesai April 19,2010**

was destroy effect from the big raining storm and All the house in Childlife shelter getting Broken boys and girls dormitory kitchen And the activity hall . most of the kids are difficult situation now on the night for sleeping , Now Childlife Foundation we are need help in emergency time for repairs the accommodation for the kids who are live there , and also the staffs and volunteers their was affect from the rains storm situation

**Building was effect.**

- Staff & volunteer house
- Activity hall
- Generator building
- Kitchen hall
- Security building
- Toilets
- Girls & boys dormitory
- The first house office

So Childlife need help to support for repairs and fix in soon as soon possible for all the around **50,000 bath (1,200 €)** at the moment

some night still have the rains and the storm make a difficult life for all the people who are live in their. During the difficult time also we don't have electricity Childlife still use a generator .

**April is a warm season** this month is getting hot more than other month in Thailand so the middle of this month is the time of water festival

Thailand call Songkran festival , Thai culture play the water for getting wet and cool and we are believe is request for the rainy season . really true every years, Songkran season will have the wind

**Childlife Ministry and Community Foundation** is the None Profits Organization in Maesai Chiangrai Thailand

and the rains but some time a storm and big rains

come together ,Last April 19,2010 at Childlife Shelter and Maesai town ,May be all in Chiangrai province. However some Children from Childlife still lucky . April is the time of holiday school term off, Half of the kids are go back to home visits family and the kids who are orphans no family don't back to home . More trouble a big hailstone and storm falling to hitting the roof break down that made big hole bed room can't sleep.

**Childlife organization** is running until now become a ten years, Childlife just finish a register Foundation , and also we are register with the local authority for The None Profits Organization in the name **Childlife Ministry and Community Foundation**

### Impactions Children

107 children live in safe, clean and child-friendly conditions in the shelter, are in good health and get an opportunity for education. They are learning basic social techniques and life-skills and get the chance to develop themselves to the fullest of their potential.

The roots of the social problems - for which they left their homes - are tackled in a process of community empowerment. More and more children do not need to stay permanently in the shelter, but are enabled to keep staying with their community and family. Lack of citizenship is a matter that

becomes addressed actively. The communities are in a process of becoming able to protect and support their children themselves and develop into child-friendly environments.

The children, who are still in street-situations, know a refuge for times of hardship and know whom to turn to in cases of need. They and their communities have trust in the organization and don't hesitate to approach it for help or assistance.

### **Thank you for the Kindly Partner from Germany**

**Dr. Gudrun Daugs** were work with Childlife from long time since , 2002 untill now 8 years Dr. Daugs come to Childlife was we are starting from the difficult situation. She came with her team friends to checking for health and gave the vaccine for the kids around the border who are leave in Childlife , Now Dr. Daugs set up the charity in the name **Gold kinder Foundation** in her country for support Childlife . and also last year Dr .Daugs and Mr.Rudei Charity Board came to visited and gave a donation for Childlife Charity . Last month (March) she came back to Childlife again to gave the donation from **Step by Step Foundation** and the donation from **Gold kinder Foundation** . Many years

that she was work hard to support Childlife in name of Staff and the children from Childlife we like to say **BIG THANK YOU !**

### **Our Partner Net work for Children and Women under same sky Association (NCWSA)**

The NCWSA is an organization in Maesai, Chiangrai. The NCWSA was set up 5 years ago. It's beginning with a supproject of Childlife ([the prevention and follow up to protection & Intervention project P-050, which had been running 5 to 6 years previously](#)) When we initially set up this organization to help the children around the Maesai border, there were many problems, including victims of human trafficking and abuse. With the extent of problems in the area, Childlife found itself unable to work alone, it lacked funds and staff. As a result of this we decided to look for partners, beginning with NGOs based around Chiang Rai.

**Mr.Sunite Vutipanya (NCWSA President)**

The initial aim was to set up a multidisciplinary team involving those who work with the children, for example police officers, immigration office, teachers, doctors, nurses, lawyers and social workers. However, this didn't work for a number of reasons, including the egotistical behavior of some of these groups. Childlife has worked very hard in this area in the last 6 years. As Mae Sai is a border town with Myanmar, many of the victims there are from minority Myanmar groups. As the human trafficking situation did not get any better, Childlife decided to work with the local church at the border and study what more could be done. The church is a prime target group to work with, as churches are involved with those people at the very bottom of the ladder, who are poor and suffering socially. Also, many of those minority hill tribes such as the Ahka, and Lahu, go to church. Bearing this in mind, the church is an excellent way to reach out to those people desperately in need, so we looked into getting involved with the church, and having the Pastor come to work with us to network, also having a seminar and a workshop. NCWSA now have more than 25 member churches around the border coming to work together on this issue, in 5 districts; Maesai, Maechan, Maefahlung, Chiangsan and Chiangkhong. NCSWA have also been able to develop our network within Myanmar, with more who want to become members. The NCWSA is also looking to expand east, towards the Cambodian border. The strategic activities involved include; social and public welfares, a prevention watch, intervention and public relations.

### Human trafficking in Thailand

Thailand is still a big issue. Last month Thai TV. On air the victim of human trafficking in Malaysia southern of Thailand is No.1 of the dark market to buy and sale a prostitute, most of the victims are from the northern Thai, and most from Myanmar but also our team had chance to talk with the victim who was in Malaysia said in Malaysia have a lot the victims from Thai , Laos ,Cambodia , and Myanmar even the boy and girls . Many girls become whore and the boy work as labor in fishing boat of sea territorial Thailand and Malaysia .The boy his name is Billi who call to us from Malaysia Jail said by phone “I was a victim of the gangster last two year at Sanam luang (the area very close with WatPhrakaew temple center of BKK ) after I leaf out from Childlife , I went to Chiangmai and came Bangkok to looking for job During I'm sitting for waiting at the seat out site street , some taxi driver come to me and ask “where you will go I can sent you” I said “No thank you! I waiting for my friend” and the taxi gone after 1 hr, later the same taxi guy come back again and ask me “Do you want to work I have a job for you at the fishing pond .They will gave you for 6,000 bt.” ( please follow up next Volume )

“Become a 10th years now, That we are work in a difficult situation a grass root organization. At the border of Maesai –Thakilek , We have to fighting with many things as negative opinion insult of the local people our authority who unhappy with the street kids from Myanmar ,. the behaviors of the street kids , the finance situation and the administration ,many people many staff they were have his own way and ego some time have a conflict . But the big think is fighting in my head on my brain , They are not Thai. Why I'm here ? What I'm doing here? How I can do? How long I can endure ! but finally I'm still here and help the kids around the border who had effect from Myanmar Civil war” Mr.Gurrjohn Jeamram the Childlife founder said with **BNN POST**.
